Manufactured and offered by Kansans who are blind or severely disabled  
When you purchase products and services from the companies listed in the State of Kansas Products and Services catalog,  
you make a difference in the lives of Kansans who are blind or severely disabled.

## GENERAL INFORMATION

This catalog is published in compliance with K.S.A. 75-3317 through 75-3322, “The Kansas Use Law.” The Kansas Director of Purchases has found the items in this catalog to be consistent with “The Kansas Use Law” and has therefore designated them for mandatory purchase. The intent of “The Kansas Use Law” is to help provide employment for Kansans who are blind or severely disabled. Purchase of products and services from these exceptional Kansans helps them be a productive force contributing to the economy of our State.

## BENEFITS OF THE PROGRAM

- Yields meaningful employment and training
- Compliments and encourages efforts to deinstitutionalize people who have disabilities
- Advocates self-sufficiency for those with disabilities
- Reduces cost of service care for people with disabilities
- Encourages community involvement and support of people who have disabilities
- Supports efforts for a good business approach to spending vocational rehabilitation dollars
- Increases tax base
- Decreases tax requirements
- Stimulates growth of Kansas local economy
- Ensures continuity in the supply of needed services and products to customers
- Provides opportunity for State agencies to contract for services at a lower cost than in-house services
- Promotes productivity in vocational rehabilitation centers

## A SUMMARY OF KANSAS LAW ABOUT PURCHASING

### Summary of K.S.A. 75-3321

The Director of Purchases and any person or officer authorized to purchase materials and supplies for any State agency or Unified School District operating in Kansas, or to purchase services for any agency within Kansas State government, shall purchase, from the catalog, “Products and Services Manufactured and Offered By Blind and Severely Disabled Kansans,” at any time when the listings in that catalog will meet the needs of the agency or school district.

### Summary of K.S.A. 75-3322

Whenever the qualified vendors represented in this catalog are unable to supply the products or services needed, or are unable to meet delivery requirements on any purchase order or requisition, a written waiver request shall immediately be forwarded to the Director of Purchases by the state agency procurement officer or purchasing officer of the Unified School District. If approved by the Director of Purchases such waivers shall relieve and exempt the state or Unified School District from the purchasing requirements set forth in the relevant Kansas laws (K.S.A. 75-3317 and 75-3322). The waiver granted shall apply only to the case of the specific purchase order, request or requisition.

## REQUEST FOR STATE USE PROGRAM WAIVER

The Kansas State Use Program is governed by statutes (K.S.A. 75-3317 through 75-3322) which include some provisions for waivers. To find out more, please visit the following website.

Waiver Request Form: [www.da.ks.gov/purch/StateUseWaiverRequestForm.doc](http://www.da.ks.gov/purch/StateUseWaiverRequestForm.doc)

# Our Policy

We place strong emphasis on the quality and reliability of our products and services.

Our products and services are guaranteed to give satisfaction.

If there is a factory error, the qualified vendor will issue proper credit or replacement after receipt and inspection of goods.

Freight will be paid by the qualified vendor if a factory error was made.

Feel free to write or call with any comment.

You will receive fast, personal attention.

We want you to be as pleased as we are with the efforts of our facilities.

## LIVE LINK INSTRUCTIONS:

Each of the vendors pages within this catalog are live linked back to their respective website. If you are connected to the internet while going through the catalog and desire more information about the company, contact information or ordering information, simply click the page as you would a link on any web page and you'll be directed to that specific vendor's site. (Some of the vendor pages have more than one link to multiple websites.)

As in past years, you may place orders by contacting the vender directly, using their individual sites if they have online ordering capabilities, or you can refer back to the Kansas State Use website ([www.ksstateuse.org](http://www.ksstateuse.org)). If any additional information is needed about products or services, be sure to contact the vendor directly.

**Cartridge King** is one of the few STMC certified companies in the U.S.A. This STMC committee was formed to develop and promote test methods for the printer industry around the world.

Guidelines for the return of Inkjet cartridges, Laser cartridges, Fax and Multi Functional Imaging machine cartridges purchased by State Agencies, Universities and Unified School Districts. The approved State Use Vendor is:

**Cartridge King of Kansas, Inc.**

## **Recycle ALL Printer Cartridges**

Since disposal of printer cartridges adds to the tonnage of solid waste in landfills and can contribute to the depletion of natural resources, state agencies, universities and school districts should recycle printer cartridges whenever possible.

When a printer cartridge is empty, DO NOT throw it away. **The state's printer cartridge remanufacturing program requires that each empty cartridge be returned to Cartridge King of Kansas**, the approved State Use Catalog Vendor. Returning empty toner cartridges to Cartridge King reduces cartridge remanufacturing cost and waste in our landfills.

**To assure the state's printer cartridge remanufacturing program, all cartridges used by state agencies and school districts should be remanufactured whenever possible. Order a remanufactured toner cartridge unless one of the following conditions apply:**

1. Adequate market research establishes that remanufactured cartridges do not exist for the type of equipment used by consumer.
2. The price with the same page yield offered for the remanufactured cartridge is higher than a new cartridge from the Original Equipment Manufacturer (OEM).
3. Remanufactured cartridges are not available in quantities needed within the time frame required by the consumer.

100% Recyclable • Made with pride by Kansans who are blind or low vision.

## Soft refuse applications

### Great for office, kitchen and bathroom applications

The high molecular weight of the **high density (HDPE)** polyethylene resin produces an economical liner that is approximately 1/3 the weight of traditional can liners. The use of fewer raw materials returns less plastic to our environment. Great load bearing capabilities.

## EcoDegradable™ bags

**Degradable...Biodegradable\***  
**saves valuable landfill space**

Envision's EcoDegradable™ bags will degrade in 18 to 24 months and biodegrade in approximately 36 months depending on sufficient moisture, oxygen and microbial activity present at your disposal site.

\* Will degrade as defined in ASTM D-3826

Capacity (Gallons)	Part No.	Size	Gauge (Mil)	Strength	Color	Quantity Per Case	Price

## ASTM 6400\* Compostable Bags

**Compostable...**

**for the collection of green bin organic waste disposal and commercial composting**

Heat and moisture accelerates the degradation process. All ASTM 6400 Compostable products meet the stringent requirements of ASTM D6400 and carry the USCC and BPI certifications.

Commercial degradation is 10 to 45 days and commercial biodegradation is less than 6 months.

## “Helping people with disabilities live and work in the community”

*KETCH products are guaranteed. If there is a factory error, KETCH will issue proper credit or replacement after receipt and inspection of goods. Freight will be paid by KETCH if a factory error was made.*

Turning disabilities  
into work abilities  
since 1962.

The Kansas Elks Training Center for the Handicapped Inc., (KETCH) is a not-for-profit organization that provides services to adults with disabilities.

What began as a grassroots effort in 1962 by a group of parents of adult children with disabilities, is today a statewide, nationally recognized organization. Incorporated in 1964, KETCH continues to provide services to people with a wide range of disabilities.

Today, KETCH provides work services, day services, targeted case management, employment and community living services to more than 600 Kansans each year.

## Standard Size Polyester and Fiberglass Air Filters

**Filter Media:** The filter media used in the manufacture of polyester filters is a synthetic fiber media that exhibits a uniform density and resilient body. The material also has higher arrestance efficiency than standard fiberglass. The media used in the manufacture of KETCH fiberglass is a new MERV 7 filter media composed of continuous filament glass fibers bonded together with a thermosetting resin.

**Filter Trays:** The material used to manufacture the die cut filter trays for standard sizes is pearl-coated beverage board. The filter trays for custom sizes are hand assembled from pearl-coated chip board and are supported with metal material.

**Test Results:** Polyester filters have an average dust weight arrestance of 79 percent on 1" thickness and 89 percent on 2" thickness per ASHRAE standard 52-76. Fiberglass filters have an average dust weight arrestance of 70 percent on 1" thickness and 80 percent on 2" thickness per supplier performance data.

KETCH offers a variety of Crews Safety Glasses meeting ANSI Z94.3/Z87. Crews brand provides protection against moderate impact hazards, metal chips, particles, and sparks. Tinted lenses provide sun glare protection only and are not to be worn in welding environments. Special welding lenses provide protection from infrared rays and have the shade number stamped on each lens. **No welding lenses are offered for sale on this page.** However, those we offer through the Crews brand provide virtually 100 percent protection from ultraviolet rays. Refer to your ANSI manual or a safety specialist for proper selection as some operations may also require safety glasses and face shields, machine guards, etc.

### Crews Storm Safety Glasses
